## **Full Featured Remote Access Portable Remote Access Surveillance Vehicle System**

We would like to introduce our fully functional portable remote access surveillance vehicle system. We have all had those cases where it's the hottest day of the summer and your claimant decides to spend the day on a private beach or a golf driving range. Perhaps you have a claimant who is well versed on surveillance techniques and you're burned before he leaves his driveway.

This system can function as a manned surveillance vehicle or as a remote system that can be operated from the comforts of your chase vehicle or office via Wi-Fi or Broadband internet. The system includes a universal mounting 360deg Day/Night PTZ camera with 26X Optical Zoom (optional 36x), Four camera SSGLLC4-AUTO-DVR full featured and 10" LCD Touch Screen (optional).

#### Applications:

- Insurance Claims
- Domestic Cases
- Cohabitation Cases
- Construction Site Security
- Instant Executive Protection Site Security
- Drug houses
- Traveling Surveillance Vehicle
- Site Surveillance
- Child Neglect Cases
- Homeland Security

#### DVR Key Features:

- Remote PTZ Control
- Onsite and Remote Recording
- Activity Notification Via Email
- Motion Detection
- Continuous or Hybrid Motion Recording
- 30 fps circular Recording from one day to 90 days
- RS485, RS232 Interface
- Runs Extremely Quiet on 12VDC
- Endless recording time (with options)

#### Camera Features:

- High Resolution Color by day
- Over 100 Camera location presets
- High Resolution B/W by night
- 360 Degrees of continuous panning
- Mounts in under a minute
- Light weight easy to operate
- Runs on 12VDC
- **Fits compact cars and up to large SUV's, Trucks, and Vans**
- Options include touch screen monitor, travel case, battery boxes, 36x 3.4 to 110mm Optical Zoom lens

This system is a great enhancement to those situations where a standard camcorder lacks the ability to record in low light, long term steadiness, or long distance shots. Most importantly you or your investigator will never be seen sitting in the front seat. Also allows you to change surveillance vehicles as often as needed. Please email us for more details and pricing.
